It's nice to be pleasantly surprised by my roofers. Last weekend I had my roof removed and replaced by S & A construction out of Wichita. To be honest, I was expecting a so-so roofing job because Wichita is over 3 hours away and once the job is done I will never see them again. The crew they sent was top notch, hardworking and clean---- they did a superb job from start to finish----- I was elated ---- my yard has never been so clean nor has my roof ever looked so nice. Thanks for sending such a great crew.
