Dear Stuart and Annie,

Just wanted to drop a note, first to say I was relieved to see Cory the day the "roof guy" came to give the estimate. Even more relieved to know you guys are the S and the A of S&A Construction....I knew we were in good hands. That peace of mind goes a long way.

The second purpose is to say THANK YOU to your roofing crew. Those guys are awesome!! They work so hard and were nothing but courteous and respectful. They went above and beyond our expectation with nails and the yard. We had a great experience and I can't say enough about how hard they worked. The roof looks GREAT!

Best Wishes,
Jill and Greg
